THE CABLE CARS AGAIN.

Another victim of the deadly cable car is reported in San Francisco. The Supervisors ordered the car companies to put guards on their cars, but they paid no attention to it, and about once a week someone is run into and crushed to death.

The car companies of San Francisco are just coining money, yet are too stingy to provide for the safety of their patrons.

If San Francisco had a Mayor like New York the corporation would soon be brought to terms. When the telegraph companies refused to put their wires underground, the poles were chopped down.

The ordinance requiring the company to protect the front of their cars with guards is easy enough to pass, but it takes some one to enforce it. If the car companies hold the city authorities in contempt, it is the fault of the authorities.

Last year S. W. Horton, an Examiner reporter, wrote up the Blood Horse races in a manner that did not please the management of the association. When this year's season began, Horton was refused admittance to the track when he presented his press ticket. He then invested in a regulation entrance ticket, presented it and was again refused entrance. Now he brings suit against J. B. Haggin and the other directors of the Association for \$5000 damages and costs. Horton has a good case. He will undoubtedly win, and the lesson will be a warning to all sorts of "managements" that news is not written subject to the pleasure of "man clothed in a little brief authority."

The Sacramento Bee voices the popular sentiment in this: "The physicians in this State should be forced to write their prescriptions in English, and the druggists should be compelled to mark all their bottles in plain English terms. A young and unscholarly boy rises suddenly from the position of general sweeper and messenger to be a pharmacist, with the same privilege to kill by mistake as his boss. These ignoramuses can do enough damage in their own language, and if men, women and children are to be murdered, they prefer to have it done in good, plain, common Anglo-Saxon."

A CARSON RIVER SURVEY.—A survey has recently been made on the Carson river, a little South of Genoa, to see what could be done in the way of dam building on that stream, and it was found that in order to raise the water 20 feet it would flood the town of Genoa and destroy much valuable property. To raise the water to a height to leave the town out, only enough water could be stored to run the Eureka mill but 23 days, and the company is talking about putting in steam.

The above is from the Gazette and the idea advanced seems rather ridiculous to people living in this section.

The Plot Thickens.

SOMERSET, Pa., May 2.—The mysterious tragedy which occurred in Jefferson county day before yesterday, grows more revolting as the facts appear. It now seems more than probable that David and George, two sons of old man Shaulis, who was 65 years of age, hanged their father, and that David, an hour later, shot his young stepmother through the body as she was returning from the barn to the house. The stepmother still lives and may recover. The object of their crime was that they might speedily come into possession of the old man's estate, which is valuable.

The Piute rain dance has brought no rain as yet, but it looks as if a little more effort might bring a shower.

The Gold Hill stocks are looking strong.

TELL IT ALL.—The Stockton Mail tells a story about the late gambler Bill Briggs, who made a bet of \$100 that St. Louis was the biggest city in the United States.

This is a fact, but the Mail should have finished the story. Dozens of people, personal friends of Briggs, told him he was mistaken, and to pay the bet, but he refused to do so until he had written to the New York Clipper, the highest betting authority in America, to decide the wager. When the Clipper reached him he saw he had lost, and said as he paid:

"That settles it with me."

I am breeding all of my Gibraltar fillys to him. He is very speedy, and has shown quarters in 35 seconds and halves in 1 12. He has got a record of 2 40, but if he had not hit one of his ankles, and had to be stopped in his work, would have got a record in 2 35 or 2 36 sure.

TRIUMPH.
TRIUMPH is a beautiful bay; stands 15.2 and weighs over 1200 and is the fastest looking a man ever saw. He took the first premium for 3-year-old stallions at the State Fair of 1888. TRIUMPH will make the Season the same as Gibraltar and Alpha. Terms, \$40 for the season; \$80 to insure.

PEDIGREE.
Triumph by Prompter, Prompter by Wilson's Blue Bull, the sire of more horses with records from 2 15 to 2 30 than any horse that ever lived. McL. E. Clement, Secretary of the Missouri Trotting and Racing Horse Breeder Association in writing to Dr. Hicks, of Sacramento, owner of Prompter, says that he would rather breed to Prompter than any Stallion that is alive to-day. Triumph's dam is the celebrated St. Clair mare, Lady Brighton, owned by Mr. M. Toomy of Sacramento. His dam is now over 20 years old and can trot in 2 40 any day in the week. Senator Stanford in his catalogue of 1887 was breeding to 25 St. Clair brood mares and the most of his horses that have made the best records for 2 and 3 year-olds are out of St. Clair mares, namely: Fred Crockerdam by St. Clair, two year old record 2 25 1/2; Bonito, dam by St. Clair, 2 year old record 2 24 1/2, 3 year old record 2 18 1/2; Manzanita, dam by St. Clair, 4 year old record 2 16 fastest on record.

I have got 400 acres of pasture land enclosed and mares sent in care of me on the cars will be taken to the Ranch and bred and good care taken of them. Pasture, Two dollars per month, or will keep them up for \$20 per month as I have over 100 fine box stalls. Accidents and escapes at owner's risk. There is a fine race track on the Ranch and I will take horses to train or colts to break at reasonable rates. I also have a few Gibraltar colts to sell. If you want a good colt can sell you one cheap. Positively no shooting allowed on the premises.
